Trade Show E-newsletters

Trade Show Updates & Product Spotlights

We'll help you market your presence at the top industry trade shows, increasing awareness, driving more traffic to your booth, and supplying leads to you after the show! Each Show Updates e-newsletter will be delivered to security professionals before, during and after the show. The editors will be offering daily updates on happenings around the show as well as their insights and observations regarding the “buzz” at the show.

Target these shows by securing your position in one or more of our Show Updates e-newsletters: **ISC West - Security Today version** (distributed to 50,000* security professionals), **ISC West - Dealer Strategies version** (distributed to 25,000* security systems integrators, installers, and dealers), and **GSX** (distributed to 50,000* security professionals).

LIMITED SPACE AVAILABLE — Each newsletter is limited to 5 sponsors. Each sponsor will receive a selected ad size and location based on availability and preference. E-newsletters will be delivered one week before the show, three days during the show and one week after the show.

For extra exposure, add Pre-Show and Post-Show Spotlight E-newsletters to your ISC West and GSX 2019 campaigns. The product-focused e-newsletter will be sent approximately one week before and one week after the show.

Show Updates E-newsletter Dates

ISC West 2019 (Security Today and Dealer Strategies versions)

- April 3
- April 10
- April 11
- April 12
